Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 21-40 and 61-77 to inventions and/or species non-elected without traverse. Accordingly, claims 21-40 and 61-77 have been cancelled.

Examiner's Comment

Claims 51 and 52 were previously withdrawn for being drawn to nonelected inventions and/or species. Because claims 51 and 52 are dependent on allowable claim 47 and contain all of the limitations thereof, claims 51 and 52 have been reinstated and are allowed.

Applicants' argument at page 9 in their remarks of the Amendment of April 2, 2004 regarding the drawings is persuasive and the requirement related thereto withdrawn.

Claims 41-60 are allowed.

Any inquiry concerning this communication should be directed to Ernest F. Karlsen at telephone number 571-272-1961.
